Mr Leopold Katz & Louis Katz

Family-Owned Since 1920

The Elkay Manufacturing Company began as a vision of Leopold Katz and his son Louis on the North side of Chicago back in 1920. Founded with the goals of manufacturing the highest quality sinks and providing the best service possible, the company began to thrive. As time went by, we set the pace with new products, designs and innovations that continue to lead the industry.

Today, with more than 3,500 employees worldwide, we are proud to be America's number-one selling stainless steel sink company.

Our Word is Our Bond

The same goals that began three generations ago continue today. As a family-owned company, we're dedicated to your complete satisfaction. Above all else, our word is our bond. We honor our commitments with integrity to our customers, employees, suppliers and the communities in which we live and work.
